# **Summer Intensive**

# Registration for 2025 Summer Intensive will open in April of next year

The REEL East Texas Summer Film Intensive offers young cinephiles a unique, hands-on opportunity to immerse themselves in filmmaking. During this weeklong program, participants gain real-world experience in screenwriting, directing, and cinematography, using industry-grade equipment like Black Magic cameras and Adobe software. Set in historic Kilgore locations, students create original short films while learning from experts. Sponsored by local partners, this intensive builds technical skills and creativity, offering IMDB credit and inspiration to pursue film careers.
